DRAFT WILLASTON CEMETERY MASTERPLAN

FACT SHEET 1 PROJECT OVERVIEW

Willaston Cemetery has been an important community asset for 160 years and we want to make sure it continues to serve the community for the next 160 years. This won't happen without an ongoing commitment to maintain and care for this important place.

This Master Plan provides a framework for gradual upgrades and improvements at the cemetery over the next 10 years, aimed at reinforcing the historical and heritage values of the site, improving its amenity and enhancing the landscape.

A shelter to provide shade, seating and interpretation is proposed at the interface of burial sites and perimeter remnant vegetation.

What will the Master Plan deliver?

The Master Plan aims to deliver an overall vision for the site that can be implemented in stages over a 10 year period. This timeframe allows Council to budget for and schedule works in packages that are achievable and reduce disruption. Key outcomes of the Master Plan include:

- ➔ Ongoing protection of the historic and heritage values of the cemetery
- ➔ Upgrades to the main entry area
- ➔ Upgrades to roadways and paths and improved vehicle access and circulation
- ➔ Landscape improvements and management including native vegetation
- ➔ Improved amenity within the site including seating, shade and shelter
- ➔ Improved signage and wayfinding

Why are you seeing this plan now?

Over the past 9 months, we've worked with the consultant team, Council, the Friends of Willaston Cemetery and key community stakeholders to develop the Draft Master Plan.

We now need to know what the wider community think about this plan.

This consultation period is your chance to:

- ➡ Review the Draft Master Plan
- ➡ Hear from the team that have prepared the Master Plan
- ➡ Tell us what you think and how it might be improved

***Nothing is final.
This is about
getting it right.***
